

Azzayt

History & Vision

Azzayt Olive Oils was founded in 1988 when it first started producing their olive oil. After many years of research, development, innovation and being profitable Azzayt was able to establish several Olive Oil plants.

Nowadays Azzayt Olive Oils has 4 production centers in order to meet the national and international demand of its customers. With four plants and worldwide knowhow Azzayt has become one of the biggest private Olive Oil producers of Spain.

Azzayt

Location

One of the biggest strengths of Azzayt Olive Oils is that all production centers are strategically located in Andalusia. The region of Andalusia is well known for having a perfect climate to produce olives and for that reason we can provide a large variety of olive oils with an excellent quality to our clients.

The majority of Azzayt's olive oil plants are based near the Mediterranean Sea which makes it easy to meet the demand of their worldwide customers with a short delivery time.

The combination of location and own production allows Azzayt Olive Oils to have the best resources to satisfy the needs of clients all around the world, either in bulk or bottled/packed. Thanks to this Azzayt can create special olive oil profiles adapted to the different needs of customers in every market.
