Guatemala SHB – Volcán de Oro

Grown at an altitude of about 1.800 meters and on volcanic soil. Coffee with a perfect balance between body and acidity. One of the world's best coffees due to the combination of volcanic soil with a high amount of minerals and nutrients, constant temperatures and rainfall.

Mexico Jactenango / Pluma

Premium light-bodied coffee grown high up in the hills of Oaxaca and Veracruz. Intense freshness and taste with touches of nuts and dried fruits.

Tanzania AA

Grown at an altitude of about 1.800 meters, close to the Kilimanjaro Mountain. A perfectly balanced, full-bodied coffee with low acidity and a lovely aroma. One of the world's most prestigious coffees.

Honduras SHG Marcala

An exclusive, sweet and light-bodied coffee with beautiful notes of oranges, peaches and citrus.

Discover our delicious
Predilect coffee

Venezuela Tachira

One of the world's best and Venezuela's best coffee, grown in the Andes. Aromatic subtle and delicate.

Papua New Guinea Washed

Low-acidity coffee with a strong personality, a unique full-bodied special Arabica.

Costa Rica Tarrazu

Coffee grown in the "San Marcos de Tarrazu" region, highly appreciated for its aroma, quality and personality. A delicate aroma with subtle touches of chocolate.

Etiopía Harrar Lekempti

This full-body coffee is grown in the shadow of big trees, within a microclimate with high humidity.

A unique blend of
12 origins

Colombia Supremo

Full-bodied, premium Colombian coffee. Gentle aromas and notes of peanuts.

Kenia AA Killimanjaro

World-renowned premium coffee, grown in small quantities. Strong, intense and fruity aroma due to warm and constant temperatures.

Brasil Cerrado/ Brasil Santos SS F.C.

Two of Brazil's most popular coffees. Coffee well-known for its low acidity, medium body, gentle aroma, sweet flavour and notes of (pea)nuts and cocoa.

Java Surabaya WIB-1 washed

The world's most subtle and hand-picked and washed Robusta. These beans gives our Catunambú coffee its body, safeguarding its Arabica aromas.
